**Kingsoft Internet Security Received Another International  
Recognition  
Granted The Top Award In the Performance Test Of  
AV-Comparatives**

(December 23, 2009 – Hong Kong) **Kingsoft Corporation Limited** (“Kingsoft” or the “Company”; SEHK stock code: 03888), China’s leading entertainment and applications software developer, distributor and service provider in terms of market share, announced today that Kingsoft Internet Security has been granted the highest level of certificate in the Performance Test of AV-Comparatives held this month, an internationally recognized organization in anti-virus software testing, and ranked second among 16 international well-known leading anti-virus products, becoming the first Chinese-made software to receive the certificate. This is a solid proof of the outstanding performance of Kingsoft Internet Security in running speed and impact on system performance as well as its highly competitive strength in anti-virus software market. It also proves that Kingsoft Internet Security can provide computer users with strong and effective protection.

Headquartered in Austria, AV-Comparatives is an internationally recognized organization in anti-virus software testing with very high reputation in the industry. To ensure the independence and the impartiality of test results, the organization does not accept any sponsorship. It only accepts the world's top 16-20 products to enter its tests every year, access to which must undergo a rigorous assessment process. AV-Comparatives provides a 4-level ranking system: Tested, STANDARD, ADVANCED and ADVANCED+. The Performance test is to test the running speed of anti-virus software and its impact on computer system.

Kingsoft Internet Security has passed the Retrospective/Proactive Test and Potentially Unwanted applications Test of Av-comparatives and also test of the UK-based Virus Bulletin for 8 times, another internationally recognized organization in anti-virus software testing. Evidenced by the numerous awards, Kingsoft Internet Security is outstanding in many areas such as clearing computer virus and running speed, and has an edge in the highly competitive anti-virus software market in China. Kingsoft Internet Security also aims at huge business opportunities in international anti-virus software market.

## **About Kingsoft Corporation Limited**

Following the commercial launch of its first office applications software WPS 1.0 in 1989, Kingsoft Corporation Limited has now become a leading entertainment and applications software developer, distributor and service provider in China, based on market share. The Company leverages its comprehensive software development platform to offer a wide range of innovative entertainment and applications software.

Kingsoft has several well-known products such as WPS Office, Kingsoft PowerWord, Kingsoft Internet Security, and online games such as the JX Series and The First Myth. In addition, the Company sells various products such as Kingsoft Internet Security and Kingsoft PowerWord to retail consumers, corporate organizations and government agencies in China using online and offline distribution channels.

With its headquarters in Beijing, Kingsoft has multiple research and development centers based in Zhuhai, Beijing, Chengdu, Dalian and Shenzhen. The Company's vision is to create world-class software products that run on every computer. The Company's strategy is to enhance its position as a leading entertainment and application software developer, operator and distributor in China and to expand its presence in certain overseas markets.
